SUBJECT: China – Preventive Actions by Chinese Authorities on ZIKA Virus (Mosquito eradication Treatment)

Chinese authorities have announced new preventive actions for all cargo entering the country from origins affected by the ZIKA virus.

All shipments from the following countries (indicated below) shall be subject to anti-mosquito treatment. Inbound shipments without proof of anti-mosquito treatment will be fumigated at the port of discharge in China (except final destination: Hong Kong) by the authorities without prior notice.

Thus, effectively all shipments FCL/LCL export from Malaysia to China seaports (except HKG) must perform the Mosquito Eradication Treatment.

Below please find a list of origin countries affected by this new regulation. This list is solely based on the latest notice issued by the authorities in China and it is subject to change without notice at the discretion of these authorities.

American Samoa, Aruba Barbados, Bolivia, Bonaire, Brazil Cambodia, Cape Verde, Colombia, Costa Rica, Curacao Dominican Republic, Dutch St. Martin Ecuador, El Salvador Fiji, French Guiana, French Saint Martin Gabon, Grenadines, Guadeloupe, Guatemala, Guyana Haiti, Honduras Indonesia Jamaica Laos Maldives, Malaysia, The Marshall Islands, Martinique, Mexico Nicaragua Panama, Paraguay, Philippines, Puerto Rico Saint Vincent, Samoa, Solomon Islands, Suriname Thailand, Trinidad and Tobago, Tonga U.S. Virgin Islands Venezuela

Kindly be informed accordingly.

Thank you
